

March 14, 1994

Ms. Sharon Johnson  
United States Nuclear Regulatory Commission  
Region I  
475 Allendale Road  
King of Prussia, Pennsylvania 19406

Dear Ms. Johnson:

Re: License No. SNM-1814  
(for Nuclear Pacemaker)

Pursuant to a telephone conversation you had with Ms. Beverly Rauenzahn of the Radiology Department of this medical center, and in keeping with the decision of our Radiation Safety Committee, please accept this letter as notification of our request to retire our Nuclear Pacemaker license. The license in question expired in 1993. Of note, no nuclear pacemakers were ever implanted in this institution.

Thank you for your consideration in this matter.

If further information is needed, please do not hesitate to contact me.

Sincerely,

Kathryn Burns Collins  
Vice President  
Administration
