SUBJECT: REVISIONS 17 AND 18 TO THE COMANCHE PEAK STEAM ELECTRIC STATION  
EMERGENCY PLAN

We have received your letters dated January 20 and February 24, 1994, which transmitted Revisions 17 and 18 to the Comanche Peak Emergency Response Plan. Revisions 17 and 18 were submitted in accordance with 10 CFR 50.54(q). Revision 17 incorporated TU Electric Organizational title changes, exercise critique responsibility changes, and federal guidance changes (EPA-400). Revision 18 deleted reference to a manual (backup) method for determining offsite dose projections and added reference to multiple computer locations as the backup.

We have reviewed Revisions 17 and 18 and have determined that both revisions are acceptable and do not appear to degrade the effectiveness of your emergency planning at Comanche Peak.

Should you have any questions concerning this letter, please contact Ms. Gail M. Good at (510) 975-0240.

Sincerely,

*Samuel J. Collins*
