Dear Mr. Powell:

NUS is interested in helping medical institutions by developing quality management programs which would meet the requirements of 10 CFR 35. Pursuant to FOIA, I need the following information:

- Mailing list of licensees of nuclear material for medical use
- A copy of the license application (NRC Form 313) received in calendar year 1992 or the most recent 25 applications granted
- Any submitted quality management programs associated with 10 CFR 35

I would like to put a \$200 fee limit on these initial searches. Please don't hesitate to call me or Dale Huls at (803) 649-7963 when this limit has been met or you have any questions concerning our request.

I appreciate your prompt attention to this request.

Sincerely,

Tish B. Morgan
