NOTICE OF NON-ROUTINE EVENT INVOLVING AGREEMENT STATE OR AGREEMENT MATERIALS - 82-08A

This NOTICE constitutes an early report of events occurring in an Agreement State of possible safety or public interest significance. The information presented is as initially received without verification or evaluation and is basically all that is known by State Agreements Program staff as of this date.

AGREEMENT STATE: Texas

FACILITY: Central Freight Lines, Inc., Houston, Texas

SUBJECT: THEFT OF WELL LOGGING SOURCES DURING SHIPMENT

This is a closeout report to Non-Routine Event 82-08 concerning the theft of three shipping containers holding well logging sources.

A private citizen found the three shipping containers intact and unopened on the morning of September 17, 1982, along the side of a road several miles from the site of the theft. Interestingly, the citizen, not having heard any media announcements concerning the theft, responded to reward labels on the containers and called the licensee, Schlumberger Well Services. The licensee believes an offer of a reward for the return of lost or stolen well logging source containers is the most positive means of ensuring their recovery.

The State issued a press release on the recovery of the shipping containers.
