Subject: FOREMAN INJURED DURING QUARREL

A foreman with Catalytic, Inc., a subcontractor, was reported in critical condition in Cincinnati's General Hospital after he was struck on the head by one of his subordinates (a laborer) during a quarrel in the Turbine Building. The licensee said the laborer apparently hit the foreman with a wooden 2 x 4. The incident occurred about 12:15 p.m. (EDT) on September 17, 1982. The laborer turned himself into licensee security, who in turn notified the Claremont County Sheriff's Police. The laborer is now in police custody. The foreman was taken to the hospital by ambulance.

Neither of the two participants were involved in any quality assurance or quality control functions at the plant.

Neither the licensee nor Region III (Chicago) plans to issue a press release. News media interest has occurred because of the continuing controversy surrounding Zimmer plant construction.

The State of Ohio will be notified.

Region III was informed of the incident by the Senior Resident Inspector at 12:30 p.m. (EDT). This information is current as of 4:30 p.m. (EDT), September 17, 1982.
