NRC STAFF STATUS REPORT ON STIPULATIONS

On February 14, 1994, the Atomic Safety and Licensing Board (Board) issued a "Memorandum and Order (Following Prehearing Conference)" (Order), which among other things, directed the parties in the above-captioned proceeding to consult with each other for the purpose of stipulating facts. Order at 4. The NRC staff (Staff) hereby reports that the Staff and the Licensee consulted with each other in an effort to reach factual stipulations. The consultations, however, were unsuccessful. The Staff is prusing discovery against the Licensee. Staff counsel advised the Licensee's president that the Licensee could also seek discovery from the Staff.

Respectfully submitted,

Catherine L. Marco
