

PCD
DOCKET NO 70-36

June 22, 1990

Mr. D. J. Sreniawski, Chief
Nuclear Materials Safety Section 1
U. S. Nuclear Regulatory Commission
Region III
799 Roosevelt Road
Glen Ellyn, IL 60137

Dear Mr. Sreniawski:

This is to confirm our request to delay submission of a response to Inspection Report 70-36/90002 (DRSS) until August 6, 1990. As we discussed, our annual two week vacation shutdown falls within the specified 30 day response time. Also, the annual SNM physical inventory will be conducted during the week following the shutdown period.

We appreciate your consideration of this request.

Cordially yours,

James A. Rode
Plant Manager
