

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

SEP 07 1990

MEMORANDUM FOR: Distribution

FROM: T. L. King, Deputy Director
Division of Safety Issue Resolution

SUBJECT: MEETING WITH NUMARC ON COMPARISON OF IPE
RESULTS WITH SAFETY GOALS

A meeting with NUMARC is scheduled for 8:30 - 10:30 a.m. on September 20, 1990 in Room 013 of the Nicholson Lane South Building (5650 Nicholson Lane, Rockville, Md.) The purpose of the meeting is to discuss industry views and the potential for their cooperation and participation in a comparison of Individual Plant Examination (IPE) results to the Commission's Safety Goals.

This meeting is in followup to a Staff Requirements Memorandum dated May 10, 1990 which stated:

"Specifically there may be ways of building on the above knowledge that is already available to create a representative sample of U.S. plants. Staff discussion with licensees on this issue may secure their cooperative involvement in this endeavor."

Your attendance at the meeting is welcome.
