Attention: Mr. Kenneth E. Perkins, Jr., Chief

Gentlemen:

Haddam Neck Plant
 Millstone Nuclear Power Station, Unit Nos. 1, 2, and 3
Response to Generic Letter 90-07: Operator Licensing Examinations

Generic Letter 90-07, (1) "Operator Licensing National Examination Schedule" requested that the Connecticut Yankee Atomic Power Company and the Northeast Nuclear Energy Company voluntarily update schedules for both operator licensing and requalification examinations for the Haddam Neck Plant and Millstone Unit Nos. 1, 2, and 3, respectively, by September 15, 1990. These schedules were to be provided for fiscal years 1991, 1992, 1993, and 1994. Additionally, the Generic Letter requested an estimate of the number of candidates that are expected to participate in the next three Generic Fundamental Examinations. Accordingly, attached are the schedules as now estimated. One deviation from the National Schedule for fiscal year 1991 has been noted for the Haddam Neck Plant and has been established through discussions with the NRC Region I Office.
