Dear John,

Subject: Amendment to License 0103

I would like to amend our license of our Quality Assurance Program for Radioactive Material Packages.

Our company has recently had a name change. Our new name and address is:

Huntingdon Engineering and Environmental, Inc.
662 Cromwell Avenue
St Paul, MN 55114

We were purchased by Huntingdon International Holdings in August of 1985. At that time a letter was submitted to the NRC explaining the change of ownership.

At this time I would also like to terminate license 0590 (attached). Patzig Testing is also owned by Huntingdon and has the Huntingdon name. I would like to have them included with our license.

A check in the amount of \$320.00 accompanies this request for an amendment to our license.

If you have any questions or desire additional information in regards to this matter, please contact me at 612/659-7440.

Sincerely,

David C. Fitterer
