Byproduct Material License No. 37-28540-01
Docket No. 030-31765-EA

Dear Administrative Judges:

On March 29, 1994, I received "OSC's Motion to Compel Answers to Requests for Admission," dated March 27, 1994, mailed via UPS Next Day Air. Included in the UPS envelope were envelopes addressed to each Board member, as well as to the Adjudicatory File, the Atomic Safety and Licensing Board Panel, the Office of the Secretary, and the Office of Commission Appellate Adjudication. I am forwarding to each Board member his respective envelope. In addition, I will forward to the appropriate office the remaining envelopes. I will, again, inform counsel for the Licensee that in the future, each Board member should be served at the address provided in the Board's Order dated December 17, 1993 and each office listed on the service list should be served separately.

Sincerely,

Marian L. Zabler
Counsel for NRC Staff
