In the Matter of
Oncology Services Corporation
Byproduct Material License No. 37-28540-01
Docket No. 030-31765-EA

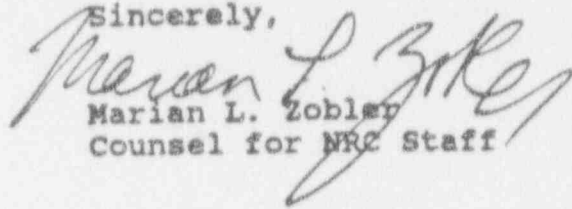

Dear Ms. Colkitt:

I have on this date, March 28, 1994, received your filing entitled "OSC's Memorandum to the Board" filed via UPS 2nd day air. Included in the UPS envelope were also envelopes addressed to the Administrative Judges, as well as to the other offices listed on the service list for the above-captioned proceeding. As a courtesy, I will forward to the Administrative Judges and the other offices their respective envelopes. In the future, pursuant to the Board's Memorandum and Order, dated December 17, 1993, you should serve each Board member with a copy of your filing at the address provided in the Board's Memorandum and Order. Each office listed on the service list should be served separately.

In addition, upon review of your "Memorandum to the Board" I wish to advise you that your proposal to file the Licensee's response to the Staff's March 14, 1994 motion to compel and motion for a protective order with the Joint Discovery Status Report is inappropriate and not in accord with the Board's Memorandum and Order dated March 18, 1994. Your "Memorandum" provides no reasons not to follow the Board's Order. The Staff, therefore, cannot consent to file your response to the Staff's motions with the Joint Discovery Status Report, which is due to be filed on March 29, 1994. You may file the Licensee's response to the Staff's motions as a separate filing. In addition, I have yet to hear from you

regarding the draft status report I telecopied to you on March 24, 1994. Since the Joint Status Report is due by close of business March 29, 1994, I await your comments on my proposed draft.

Sincerely,

A handwritten signature in cursive script, appearing to read "Marian L. Zabler".

Marian L. Zabler

Re: OSC; License No. 37-28540-01;
Docket No. 030-31765-EA

Dear Marian:

You indicated to me today that it was your understanding that the first set of discovery my client served on the staff did not request the OI transcripts. I indicated that I believe those transcripts were clearly called for in certain document requests. You suggested that the simplest thing to do would be to serve another document request. In order to avoid motion practice, I am doing so herein where you will find a Request for Production of Documents dated March 8, 1994. So the record is clear, I am not requesting the 19 items covered by the prior protective order. I am, however, requesting all other documents. Thank you.

Very truly yours,

Marcy L. Colkitt

General Counsel
