Re: Mescalero Apache Tribe/Northern States Power
spent fuel storage proposal

Dear Mr. Honey:

Please be kind enough to give notice to this office of any meetings or discussions with applicants (or potential applicants) concerning a spent nuclear fuel storage project being considered for construction in New Mexico by the Mescalero Apache Tribe, Northern States Power Co., or other utility companies.

Please also advise us when a docket is set up to receive materials concerning such a project.

We have been advised that one or more meetings have been held among Commission staff and representatives of the Tribe or Northern States. We would appreciate receiving any memoranda reflecting events at such meetings.

Thank you for your assistance.

Very truly yours,

LINDSAY A. LOVEJOY, JR.
Assistant Attorney General
