NOTICE OF APPEAL

Intervenors hereby appeal the Initial Decision of the Licensing Board herein concerning environmental issues, served September 16, 1982. Intervenors except to that portion of the Initial Decision which dismisses the contentions of Intervenors that Section 102(2)(E) of the National Environmental Protection Act requires staff to review alternatives to the expansion of the Big Rock Point spent fuel pool. Such alternatives not considered by the staff include the no action alternative, which may result in shipment of spent fuel to an alternate site, including Licensee's other Michigan plants, or to closure of the plant if no off-site storage is feasible.
