Dear Mr. Alcarese:

Thank you for the copy of the "Comprehensive Radioactive Survey Report for the Release of Decontaminated Premises for Unrestricted Use", and other documents which you recently sent to us. Your report contributed information to the NRC's ongoing program to assure that formerly licensed sites meet current criteria for release for unrestricted use.

Based on our review of this report and other information it appears the site of the former Martin-Marietta Middle River (Chesapeake Park) facilities meets current criteria for release for unrestricted use.

Enclosed for your information is a copy of Region I Combined Report No. 40-3296/82-01 and 40-2308/82-01.

Your cooperation with us is appreciated.

Sincerely,

~~Original signed by:~~
