**Subject: Proposal in response to Request for Proposal - Proposed  
Modification No. 6 under Subsection H.7 - Option 2 To Extend  
Services, Contract No. NRC-26-89-293.**

Attn: Sharlene McCubbin, P-902  
ARM/DCPM

As in our custom in submitting similar proposals, we have divided the proposal into two separate sections. The technical approach provides the appropriate offers and descriptions of services. The cost proposal contains only cost related information.

Questions regarding the technical or cost portions should be addressed to either Dorian Conger or Ken Elsea at (404) 926-1131. We look forward to continuing to work with you.

Very truly yours,

Dorian S. Conger  
Director, Risk Analysis
