Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 47-25252-01/94-01

Thank you for your response of March 16, 1994, to our Notice of Violation, issued on February 14, 1994, concerning activities conducted under NRC License No. 47-25252-01.

Regarding Item C., your response did not address whether the gauge or the transportation case were locked when in storage. In a telephone conversation on March 18, 1994 between Donald Bailey of your staff and Jeffrey Mumper of my staff, Mr. Bailey indicated that the transportation case for the gauge is now locked while the gauge is in storage.

We will examine your corrective actions during a future inspection. Your cooperation in this matter is appreciated.

Sincerely,
