Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 50-302/94-05

This refers to the inspection conducted by Ross Butcher of this office on February 5 through March 4, 1994. The inspection included a review of activities authorized for your Crystal River facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.
