License No. 21-08606-07
Docket No. 030-13132

Dear Mr. Neal:

This refers to the routine safety inspection conducted by John D. Jones of this office on February 28, 1994, of activities authorized by NRC Byproduct Material License No. 21-08606-07, and to the discussion of our findings with your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. The inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Original Signed by

John D. Jones, Acting Chief
