Gentlemen:

On October 1, 1990, I transmitted to you Chemetron Corporation's Request for License Renewal in the captioned matter, with the signature pages of a number of documents being facsimile copies. Transmitted herewith is the original of the renewal request containing the executed originals of those documents.

Proprietary status has been requested for an opinions letter by Murray, Devine and Company which is part of Attachment 4 to the license renewal request and thus is not enclosed. For further details regarding that letter, see the letter from Jay Kraemer of Fried, Frank, Harris, Shriver & Jacobson to Charles Haughney, Branch Chief, Fuel Cycle Safety Branch, United States Nuclear Regulatory Commission dated October 1, 1990.

If you have any questions, please give me a call.

Sincerely,

Mark J. Wetterhahn
