Subject: River Bend Station - Unit 1  
Docket No. 50-458  
Topical Report EA-PT-91-0003-M

File No.: G9.5

RBG-40449

Gentlemen:

On May 2, 1991, Gulf States Utilities Company (GSU) submitted to the NRC for review and approval topical report EA-PT-91-0003-M entitled, "River Bend Station Transient Analysis Methodology." A proprietary supplement, EA-PT-91-003-SP, was submitted on October 31, 1991. GSU provided additional supplements to this topical report by correspondence dated October 31, 1991, December 18, 1991, February 17, 1992, and April 8, 1993.

Since April of 1993 GSU merged with Entergy Operations, Incorporated (EOI). EOI is submitting the attached response to your May 1993 questions. The response includes proprietary information identified in the attachment. EOI requests that the attached response be held as proprietary in accordance with 10CFR2.790 for reasons stated in the affidavit.
