Gentlemen:

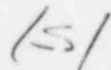

Subject: Report Nos. 50-325/82-36 and 50-324/82-32

This refers to the special pre-startup safety inspection conducted by Mr. P. E. Fredrickson and Mr. L. H. Jackson of this office on August 24-27, 1982 of activities authorized by NRC Operating License Nos. DPR-71 and DPR-62 for the Brunswick facility and to the discussion of our findings held with Mr. C. Due to an administrative error, inspection report number 50-325/82-30 was assigned instead of the correct number 50-325/82-36 for our transmittal letter and report dated September 10, 1982. We request that you correct your copies of the transmittal letter and report to reflect the corrected report number. We regret any inconvenience this may have caused.

Should you have any questions concerning this letter, we will be glad to discuss them with you.
