Dear Sir:

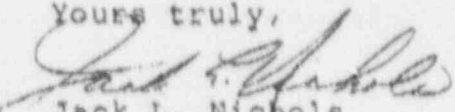

During a recent communication with your office, our Dr. Zheng Shi, Chief Radiation Physicist, Department of Radiology here at Truman Medical Center-West, was advised that we would be exempt from license and inspection fees.

Truman Medical Center-West is owned by the County of Jackson County, Missouri, and is funded by the City of Kansas City, Missouri for care of the indigent population of Kansas City, Missouri. Truman Medical Center-West is a non-profit hospital.

It is our understanding that as described above, we are entitled to a refund of our \$1200 initial application fee and the \$120 amendment fee. We understand further that we are exempt from the annual inspection fee of \$740, for which we have just been invoiced (copy attached).

Presuming this to be the case, we would appreciate receiving your check for the \$1320.00 application and amendment fees, plus confirmation of our right to waive the \$740 inspection fee referenced in your invoice #1540 E. Please send the check to my attention.

Yours truly,

Jack L. Nichols

Subject: Refund From NRC

Regarding my recent communication with NRC, they are requesting a letter (from TMC-W Administration) indicating that Truman Medical Center-West is a city-county owned non-profit hospital. We should be exempt from any fees for the licensing. Therefore, we can receive a refund for the following fees paid during the past two years:

- 1) application fee \$1,200
- 2) amendment fee \$120

Also, we can waive the inspection fee of \$740 that was billed from NRC recently.

The letter should be sent to:

Branch Chief
License Fee Branch
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

I would appreciate receiving a copy of the letter for my file.
Thank you for your anticipated assistance in this matter.
