Mr. W. H. Humphreys, President  
Elgar Corporation  
9250 Brown Deer Road  
San Diego, California 92121

Dear Mr. Humphreys:

Thank you for your letter of September 7, 1990, in response to our August 7, 1990 letter. In your letter you requested additional time to complete your proposed corrective action. However, since you have delineated your proposed corrective actions, and the tentative dates that your corrective actions will be completed in your response, you are not required to apprise this office regarding the ongoing status of your corrective actions. We have reviewed your response and find that it adequately addresses the concerns raised in our Notice of Violation and Notice of Nonconformance. We will review the implementation of your corrective actions during a future inspection to determine that full compliance has been achieved and will be maintained.

If you have any further questions please contact Mr. Joe Petrosino at (301) 492-0979.

Sincerely,

E. William Brach, Chief  
Vendor Inspection Branch  
Division of Reactor Inspection  
and Safeguards  
Office of Nuclear Reactor Regulation
