To the best of our knowledge there are no outstanding issues that would delay your approval (Item 1 Ref. b) of the actions taken. We would appreciate confirmation of your approval by telephone to the plant (207/882-6321) so that plant restart can commence as scheduled.

We very much appreciate the attention you and your staff have given in this matter.

Sincerely yours,

MAINE YANKEE ATOMIC POWER COMPANY

John H. Garrity, Senior Director
Nuclear Engineering and Licensing
