In the Matter of  
PHILADELPHIA ELECTRIC COMPANY  
(Limerick Generating Station, Units 1 and 2)  
Docket Nos. 50-352 and 50-353

Dear Administrative Judges:

During the telephone conference call between the Board, parties and Mr. David Goldberg, counsel to the Delaware River Basin Commission, on Tuesday, September 28th, the Board indicated that it planned to hear argument on motions on Monday and that it would then receive the testimony of Philadelphia Electric's witnesses. Such a schedule might present a conflict for one of the NRC Staff's expert witnesses on Contention V-16a, Dr. Anthony Policastro of Argonne National Laboratory. Dr. Policastro's other commitments require him to be in Chicago to give a workshop the latter part of next week. He will be available to give testimony only on Monday and Tuesday, October 4-5. The Staff is informing the Board of this situation at this time so that the Board may schedule the taking of Dr. Policastro's testimony out of turn.

Sincerely,

*Ann P. Hodgdon*
