RE: NRC/ITT Investigation of Oncology Services Corporation

Dear Ms. Siegel:

On behalf of Oncology Services Corporation, the Licensee that is the subject of the above investigation, I am requesting that complete transcripts of all interviews made by the NRC be copied and sent to me as soon as they are public.

You indicated that they would be public on or shortly after the Commission report on February 8, 1993. If there is any problem with giving these to me as counsel for OSC, could you please make them available directly to Dr. Douglas Colkitt. We will be more than happy to arrange for pickup or to pay for some form of overnight shipment. Again, I am interested in all testimony of all witnesses taken in connection with this ITT investigation.

I also understand that Dr. Colkitt can come to Rockville to see his transcript until February 5, 1993 and that he should call you at 301/482-8373 to make arrangements.

Very truly yours,

REED SMITH SHAW & McCLAY
