US Nuclear Regulatory Commission
Washington, DC 20555

Dear Sir:

Three Mile Island Nuclear Station, Unit 2 (TMI-2)
Operating License No. DPR-73
Docket No. 50-320
Land Use Census

Per the requirements of Section IV.B.3 of Appendix I to 10 CFR Part 50, this letter is to inform you of the fact that a newly established dairy farm was located which yields a calculated dose or dose commitment greater than several of the farms currently monitored by the Land Use Census. This farm is located approximately 1.10 miles east of TMI. Accordingly, this farm is being added to GPU's radiological monitoring program via the Offsite Dose Calculation Manual.

If you have any questions, please contact me.

Sincerely,

B. K. Kanga
Director, TMI-2
