

Commonwealth Edison
 1400 Opus Place
 Downers Grove, Illinois 60515

U. S. Nuclear Regulatory Commission
 Washington, D. C. 20555

Attn: Document Control Desk

Subject: Quad Cities Power Station Units 1 and 2;
 NRC Docket Number 50-254 and 50-265;

Reference: Edward G. Greenman letter to R. Pleniewicz dated March 07,
 1994, transmitting Notice of Violation with Inspection
 Report 50-254/94006; 50-265/94006.

Enclosed is Commonwealth Edison's response to the Notice of Violations (NOV) transmitted with the referenced letter. The NOV cited one Level IV violation. The violation concerned an inadequate search of a vehicle entering the protected area.

The following commitments have been made by this letter:

- 1) A meeting was held on March 25, 1994 to discuss the event and provide management expectations to all security management, supervisors, and officers.
- 2) A policy and guidelines for the review of memos and lessons learned for incorporation into post orders and instructions was implemented on April 1, 1994.

If there are any questions or comments concerning this letter, please refer them to Marcia Jackson, Regulatory Performance Administrator at (708) 663-7287

Respectfully,

D. L. Farrar, Manager
 Nuclear Regulatory Services
