Gentlemen:

Thank you for your letter of September 28, 1990, in response to our letter of August 29, 1990, requesting that you provide a schedule for the implementation of a design modification to remove local AC essential light switches (as appropriate) and describe any interim measures to ensure that all essential lights remain energized. We have reviewed your reply and find it responsive to our request. We will review the implementation of your actions during a future inspection.

Sincerely,
