Dear Mr. Carlson:

Attached is a condensed chronology of events, incidents, and notifications associated with the Sodeco timer, which support the allegation that they (Advanced Medical Systems, Inc.) had ample evidence of trouble/problems with the timer and failed to comply with 10 CFR 21.21.

Part 21.21 is under Section 161(o), 68 Stat. 950, as amended (42 USC 2201(o)).

Section 223 of Chapter 18, Atomic Energy Act, imposes two years and \$5,000 fine.

If you have any questions, please do not hesitate to call.

Sincerely,

Harold G. Walker
