

DEPARTMENT OF RADIOLOGICAL SCIENCES
NUCLEAR MEDICINE DIVISION

March 15, 1989

Mr. Ed. Kline
Inspector
N.R.C.

Dear Mr. Kline:

Today I was notified by Mr. Santiago Gómez of your visit for tomorrow March 16, 1989. Unfortunately, I am flying today to Baltimore for a training at John Hopkins University.

As the director of the Nuclear Medicine Division, I had a special interest in being available for your visit. I completed the draft of the misadministration report and the minutes of the staff meeting done when I was notified of the event. Reinstructions to personnel and medicine staff were done.

Cordially yours,

Frieda Silva de Roldán, MD
Director
Nuclear Medicine Division
