Mr. James G. Keppler, Regional Administrator
Directorate of Inspection and
Enforcement - Region III
U.S. Nuclear Regulatory Commission
799 Roosevelt Road
Glen Ellyn, IL 60137

Subject: LaSalle County Station Unit 1
Response to Notice of Violation
Inspection Report No. 50-373/82-39
NRC Docket No. 50-373

References (a): J. R. Miller letter to Cordell
Reed dated August 24, 1982.

(b): L. O. DelGeorge letter to J. G.
Keppler dated August 27, 1982, in
response to Inspection Report
50-373/82-27.

Dear Mr. Keppler:

This letter is in response to the inspection conducted by Messrs. J. R. Miller, J. R. Creed, J. L. Belanger, and B. W. Stapleton on June 14-17, 1982, of activities at LaSalle County Station Unit 1. Reference (a) indicated that certain activities appeared to be in noncompliance with NRC requirements. The Commonwealth Edison Company response to the Notice of Violation is provided in the enclosure. The enclosure contains "Safeguards Information" and should be controlled in accordance with 10 CFR 73.21 requirements.

Reference (a) also requested that this response address your concerns regarding morale, communications, basic understanding of concepts and the staffing levels of site security management. These items have already been addressed in Reference (b) and, therefore, are not addressed in this response.

To the best of my knowledge and belief the statements contained herein and in the attachment are true and correct. In some respects these statements are not based on my personal knowledge but upon information furnished by other Commonwealth Edison and contractor employees. Such information has been reviewed in accordance with Company practice and I believe it to be reliable.
