Mr. J. V. Parrish  
Assistant Managing Director, Operations

P. O. Box 968

This acknowledges the receipt of your letters dated August 31, 1993, and February 3, 1994 (G02-93-216 and G02-94-030), by which you transmitted Revisions 24 and 25, respectively, of the Washington Nuclear Project -- Unit 2 approved Physical Security Plan. This letter addresses Revision 24 as modified by pages 28, 29 and 79 through 81 of Revision 25.

It appears that some of the changes, as identified in the enclosure to this letter, may have safety or policy implications which require action at the Headquarters level. Accordingly, these portions have been submitted to the Office of Nuclear Reactor Regulation for appropriate action. The remaining changes, identified in Revision 24 and as modified by Revision 25, we find to be consistent with the provisions of 10 CFR Part 50.54(p). Accordingly, they are acceptable for inclusion in the plan.

The enclosure to this letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

Sincerely,
