OFFICE OF ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Alt & Witzig Engineering, Inc. (EA 90-141)
Docket No. 030-14041

Subject: PROPOSED IMPOSITION OF CIVIL PENALTIES - \$2,500

This is to inform the Commission that a Notice of Violation and Proposed Imposition of Civil Penalties in the amount of \$2500 will be issued on or about October 16, 1990 to Alt & Witzig Engineering, Inc., Indianapolis, Indiana. This action is based on: 1) failure to secure moisture/density gauges left unattended in the licensee's vehicles, and 2) a number of violations of NRC requirements for safe transportation of licensed material that, considered in the aggregate, are indicative of a lack of management control. The base civil penalty was escalated because NRC identified the violations, the licensee had prior notice, and there were multiple examples of the violations. Partial mitigation was allowed because the licensee took prompt corrective action once NRC identified the violations.

It should be noted that the licensee has not been specifically informed of the enforcement action. The schedule of issuance and notification is:

Mailing of Notice October 16, 1990
Telephone Notification of Licensee October 16, 1990

The State of Indiana will be notified.

The licensee has thirty days from the date of the Notice in which to respond. Following NRC evaluation of the response, the civil penalty may be remitted, mitigated, or imposed by Order.
