Gentlemen:

This is in response to your letter of May 25, 1982 and the telephone conversation between you, the Onondaga Sheriff's Office and this office in which you requested a change to the spent fuel route approved by our April 2, 1982 letter.

The detour around the construction as suggested by the Onondaga Sheriff's Office has been reviewed and is approved. Enclosed is a "Construction Detour Route" to be inserted between pages 3 and 4 of the "Spent Nuclear Fuel Route Survey" (enclosure to our April 2, 1982 letter).

Should you require additional information or have questions concerning this matter, please contact Charles Hillman of my staff (301-427-4186).

Sincerely,

A handwritten signature in black ink, appearing to read "Theodore S. Sherr".
