Re: University of Missouri - TRUMP-S Project  
Docket Nos. 70-00270, 30-02278-MLA  
ASLEP NO. 90-613-02-MLA

Dear Judge Bloch:

I have received Mr. Green's suggested changes or additions to the proposed "Summary of Actions Taken During Conference Call of October 19, 1990" that I provided to you and Mr. Green on that date.

I suggest that Mr. Green's first suggestion be inserted after, rather than before, paragraph 2 on page 4, and that it should be redrafted to read as follows:

"The Presiding Officer asked whether the Staff had been informed that the amendment authorizing possession of 25 curies of americium exceeded the amount of americium referenced in § 30.32(i). Mr. Axelrad stated that the Licensee had mentioned this and the applicability of the MURR Emergency Plan to the TRUMP-S work to Region III personnel upon receiving the Staff's affidavit. He also stated that the Licensee can demonstrate that it can satisfy both of the alternative requirements of § 30.32(i), i.e., an acceptable emergency plan or an acceptable evaluation of maximum dose."
