INTERVENORS' CORRECTION

The TRUMP-S Review Panel notes an error in Intervenors' Written Presentation of October 15, 1990. The Part 70 license amendment application seeks authority to possess 710 mCi, which is .7 curies, not .07. The error appears in several places, including page 16, line 21; page 17, line 14; and page 18, line 14. The error does not change the substance of the points made.

Haste makes waste, especially when a person accustomed to the world of words attempts to cope with decimals and mCi's. Intervenors apologize for the error.
