Docket No. 50-322

ORDER

On October 16, 1990, the Commission invited the Council on Environmental Quality ("CEQ") to file formal comments by November 2, 1990, regarding the request by the Long Island Lighting Company for an amendment to its operating license for the Shoreham Nuclear Power Station. The requested amendment would convert the Shoreham operating license into a "defueled operating license." See 55 Fed. Reg. 34098 (Aug. 21, 1990). The CEQ has now requested an extension of time in which to file its comments. Pursuant to 10 C.F.R. 2.772(b), a one-week extension of that deadline is hereby granted. The CEQ's comments must be in the Commission's hands by the close of business Friday, November 9, 1990.

It is so ORDERED.
