Docket No. 50-334, License No. DPR-66  
Revision to 1981 Report of Facility Changes, Tests and  
Experiments

Gentlemen:

It was recently determined that the description of DCP 298 contained in our March 17, 1982 submittal of the 1981 Report of Facility Changes, Tests and Experiments was incorrect. Attached is corrected Page 4 of 8 containing a revised description of DCP 298.

This is a correction to the description of the DCP 298 modification and does not represent any new work performed on DCP 298, nor does it change the safety evaluation.

Very truly yours,

J. J. Carey  
Vice President, Nuclear
