

POWER AUTHORITY OF THE STATE OF NEW YORK

INDIAN POINT NO. 3 NUCLEAR POWER PLANT

P. O. BOX 215 BUCHANAN, N. Y. 10511

TELEPHONE: 914-739-8200

Docket No. 50-286

September 13, 1982  
IP-LML-3234

Mr. George H. Smith  
Director, Division of  
Emergency Preparedness &  
Operational Support  
Region 1, Nuclear Regulatory Commission  
631 Park Avenue  
King of Prussia, PA 19406

Dear Mr. Smith:

Because of the recent and upcoming relocation of emergency facilities the Power Authority requests the following modifications to the IP-3 HPN, ENS network:

1. EOF

Relocate the existing IP-3 HPN and ENS from the old ECC room to the lower level of the present EOF (both locations are in the Con Ed Buchanan Service Center Building on Broadway in Buchanan) Contact: Linda Lomonaco, IP-3 (914) 739-8200 X246.

2. EOF

Install an IP-3 HPN and ENS in the NRC portion of the upper gallery EOF, for NRC use. Contact: Linda Lomonaco, IP-3 (914) 739-8200 X246.

3. White Plains Response/Recovery Center

Install two (2) each IP-3 HPN and ENS telephones in the PASNY White Plains Headquarters Emergency Response/Recovery Center. These will be for PASNY and NRC use. Contact: C. Faison, White Plains Office (914) 681-6306.

The Power Authority is proceeding forward on relocating our AEOF from Eastview to the White Plains office. Therefore, these phones will serve to replace those AEOF phones in the Eastview AEOF. Until this relocation is complete the AEOF will remain at the Eastview location.

4. Install IP-3 HPN in the Radiological and Environmental Services Superintendents office at IP-3.

Please be advised the following changes will be requested in the near future.

5. Resident Inspector

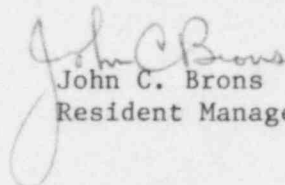

Relocate the IP-3 Resident NRC Inspectors IP-3 HPN and ENS to their permanent offices on the second floor of the PASNY Administration Building.

6. TSC

Relocate the PASNY Technical Support Center ENS to the permanent TSC on the second floor of the PASNY Administration Building.

Consistent with telephone company procedure regarding NRC telephones, the telephone company requires the request for service to be initiated by the NRC. Please notify the Power Authority when the request has been made to the telephone company. We will then facilitate the changes and installation and if necessary pay for those modifications.

Yours truly,

  
John C. Brons  
Resident Manager
