RE: SOP License Number: SOP-20156-2  
Docket No. 8191

Gentlemen:

Please accept this letter as formal notification that Mr. Paul M. Whaley will no longer be performing licensed activities for our facility. This decision to give up License Number SOP-20156-2 is made with Mr. Whaley's knowledge and consent based upon his letter of resignation dated September 4, 1990 resigning his position effective at the end of work on October 5, 1990. Mr. Whaley always performed his licensed duties in a capable and responsible manner. However, since completion of his masters degree from the University of Florida, he has decided not to continue employment here as a reactor operator as he has obtained a better position at Oak Ridge National Laboratory. Therefore, his license is no longer needed.

If further information is needed, please let us know.

Sincerely,

William G. Vernetson  
Director of Nuclear Facilities
