March 21, 1994

The Honorable Lee H. Hamilton, Chairman
Committee on Foreign Affairs
United States House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

The Nuclear Regulatory Commission (NRC) has sent to the Office of the Federal Register for publication the enclosed final rule which amends the Commission's regulations to reflect a change in the NRC Operations Center commercial telephone number from (301) 951-0550 to (301) 816-5100 and the facsimile number from (301) 492-8185 to (301) 816-5151. The changes are effective 12:00 noon EDT May 31, 1994.

These amendments are administrative in nature only and do not add new requirements or revoke any existing regulations; therefore, good cause exists for finding that the notice for proposed rulemaking and public procedure is unnecessary under Title 5 U.S.C. Section 553. Accordingly, the amendment is being published for codification as a final rule.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dennis K. Rathbun".
