Senator Max Baucus
32 Last Chance Gulch
Helena, MT 59601

B. H. [unclear]

Dear Senator Baucus:

Over the years, Central Montana Medical Center has been generally supportive of your efforts. From time to time we have welcomed the opportunity to host a visit and/or to share our health care experiences and concerns. We now have a problem that we would like to solicit some support from your office.

Central Montana Medical Center has a nuclear medicine department which is regulated by the Nuclear Regulatory Commission. Over the past three or four years particularly, we have had a very tough time dealing with the Commission over our annual fees. The regulations allow for small entities (which ours certainly is) to apply for substantially reduced annual fees. We have been frustrated at every turn to get a ruling from the Commission as to our qualifying status. I have been personally involved for over 18 months regarding our 1992 fees. The folks at the Commission do not return calls, do not keep promises, do not answer correspondence (even requested information).

We would very much appreciate your intervention on our behalf. If you could have one of your staff look into this for us, I would be happy to furnish all of the details.

We look forward to hearing from you and you can count on our continued willingness to support your efforts in Washington.

Sincerely,

CENTRAL MONTANA MEDICAL CENTER

Pete Brekhus
