Reference: Beaver Valley Power Station, Unit No. 2  
Docket No. 50-412, License No. NPF-73  
Corrected Page to Proposed Operating License  
Change Request No. 46 (TAC No. 77726)

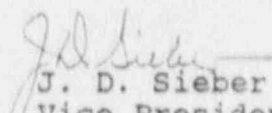

Gentlemen:

Attached is a replacement page to be inserted in our October 9, 1990, submittal of Proposed Operating License Change Request No. 46. Attachment 1 of that submittal contains a cover page titled "Containment Liner Test Channels at Beaver Valley Power Station - Unit No. 2" which states "Copyright 1983".

Permission has been received from the Stone and Webster Engineering Corporation, preparer of the report, to allow public distribution of the report. Please remove the cover page and replace it with the attached.

If you have any questions, please call me or members of my staff.

Sincerely,

  
J. D. Sieber  
Vice President  
Nuclear Group
