MEMORANDUM FOR: Roger J. Mattson, Director  
Division of Systems Integration, NRR

FROM: T. A. Rehm, Assistant for Operations  
Office of the Executive Director  
for Operations

SUBJECT: COMMISSION BRIEFING ON PWR VESSEL LEVEL INDICATORS

REFERENCE: SECY 81-582.

The Commission has requested a briefing by staff, vendors and ACRS, subject as above.

Please take the following actions:

1. Advise B&W, CE, W and NNC that the Commission would like to be briefed by them on their PWR Vessel Level Indicator programs. Specifically:
  - a) What they are doing in their programs;
  - b) Difficulties and uncertainties encountered.

The Commission has tentatively scheduled the briefing for 2:00 p.m. on January 11 -- each vendor should plan for approximately 20 minutes. Request you provide a contact for the Secretary to call to firm up scheduling. If possible, do this before the Christmas holidays.

2. Contact Gary Gilbert (SECY) to:
  - a) Advise him of vendor contacts;
  - b) Discuss with him the appropriate order of briefings -- particularly whether you recommend NRR precede or follow vendors.

(Signed) T. A. Rehm

SUBNAME				

SCHEDULING NOTES FOR DISCUSSION OF REACTOR VESSEL WATER LEVEL INDICATORS

Scheduled: 2:00 p.m., Monday, January 11, 1982 (Public Meeting).

Source: Commission meeting on contested matters in TMI-1 restart, 12/21/81.

Duration: 3 hours.

Purpose: To hear reports from vendors on what they are doing with respect to reactor vessel water level indicators; and to hear views from staff and ACRS.

Participants: Vendors (B&W, CE, W, National Nuclear Corporation); ACRS (probably 2-3 members); staff (NRR).

Length and Order of Presentation: R. Mattson, brief intro (10 minutes); ACRS (30 minutes); Vendors (20 minutes each); staff update (L. Phillips, NRR) (10 minutes); R. Mattson, brief recap (5 minutes).

Responsibilities: NRR is contacting vendors. SECY is arranging logistics, briefing support, scheduling.
