Quad Cities, Docket Nos. 50-254/50-265
Zion, Docket Nos. 50-295/50-304

The NRC plans to administer a Generic Fundamentals Section of the Written Operator Licensing Examination (GFES) on Wednesday, February 6, 1991.

An authorized facility licensee representative must submit a letter to the Region III Regional Administrator to register personnel to take the GFES. This letter should list the names of candidates to take the examination. The letter must be received in the region 30 days before the examination date to allow time to acquire an examination room of sufficient size. The letter must certify that the candidates will have completed their fundamentals training by the date of the examination, and are enrolled in a facility licensee sponsored training program leading to NRC operator or senior operator license. A sample registration letter is enclosed.

Approximately two weeks prior to the administration of the GFES, you will be notified by letter of the time and location of the examination along with a list of nearby lodgings.

The GFES will consist of 100 questions. The time to complete the examination will be set at 2-1/2 hours and the passing score will be 80%.

If you have any questions, please contact R. W. Bailey at 708/790-5184 or H. Peterson at 708/790-5797.

Sincerely,
