Director Nuclear Center  
University of Lowell  
One University Avenue  
Lowell, Massachusetts 01854

Dear Mr. Beghian:

SUBJECT: HIGH-ENRICHED TO LOW-ENRICHED URANIUM FUEL CONVERSION SCHEDULE

A review of our records for the year 1990 shows that we do not have an updated schedule for converting the University of Lowell non-power reactor from high-enriched to low-enriched uranium fuel. The Code of Federal Regulations in 10 CFR 50.64(c)(2)(i) requires that each non-power reactor licensee submit an updated conversion schedule, annually. We request that you submit a schedule for the conversion of your reactor within 30 days of the date of this letter.

Sincerely,

Original signed by:
