Summary

Scope: The inspection consisted of a routine unannounced MC&A safeguards inspection in the areas of internal control, measurement systems, records and reports, and management meetings-entrance and exit interviews. Inspection procedures used were 85405, 85407, 85415, and 30703.

Results: Within the areas inspected, no violations, deviations, or declining performance were identified. One open item in the area of records and reports was closed, and one item was opened for inspector follow-up in the area of internal controls.
