Dear Sirs:

Security Plan - Revision 32 & 33

In accordance with the provisions of Part 50.54(p) of Title 10 of the Code of Federal Regulations [10 CFR 50.54(p)] changes to the Security Program at the Trojan Nuclear Plant, as described in the Trojan Security Plan PGE-1017, have been implemented. Our evaluation has determined that these changes do not decrease the Safeguards effectiveness of the Security Program.

Attachment A is a detailed description of the changes in Revisions 32 and 33, along with a discussion of the reasons for making the changes. Attachment B consists of four copies of each revision's replacement pages for the Trojan Security Plan. Two additional copies of each revision are being forwarded to the Regional Administrator, Region V.
